Message From The Rector

The IMS success over the last 40 years can be attributed to a number of factors, but to me the over-arching driver of IMS achievements and success is the unwavering commitment to our mission. With an increasing trend towards globalization there will always be a dire need for high-caliber business and IT professionals. IMS focuses on developing these human resources with a mission to provide high- quality education, preparing our graduates to brace the ever-demanding challenges prevailing in the market.

IMS firmly adheres to this consciousness, striving constantly towards academic excellence. The management, faculty, staff, and students work harmoniously towards this shared goal. At IMS the concept of professionalism implies accepting the responsibility for one's job with a sense of dedication, zeal and commitment, and performing work to the highest possible level of professional ethics.

Since its establishment in 1986, IMS has made a name for itself within and outside the country. We are motivated by employers showing preference for our graduates. Our graduates in Business and Computer Sciences have established their mark in both the public and private sectors through the quality of their professional training. Today, IMS is truly one of the leading chartered institutions of Higher education in the country.

I urge you all to work with unwavering zeal and commitment to make a quantum improvement in all spheres at the national, regional and individual level. May Allah guide us to accomplish our mission & excel in our chosen disciplines / fields - Aameen

Dr. Khalid Ranjha

Chairman, IMS

STEP INTO SUCCESS WITH IMS....

Welcome to IMS (formerly Pak-AIMS), a premier institute serving the cause of higher education in Pakistan for the last 38 years. The IMS management, faculty, and staff are dedicated to developing world-class graduates and post-graduates to meet the ever-increasing demand -for professionals in business studies and computer sciences. We offer you excellent opportunities to pursue rewarding professional careers. At IMS, we fully realise that you have a choice and we believe IMS offers unique benefits and opportunities for professional and personal development designed to give you a competitive edge in the job market. The IMS „package“ includes:

- Unwavering commitment of management, faculty and staff, and countless opportunities for students to develop skills necessary for professional and personal development.
- Knowledge and skills development with our highly qualified and experienced faculty.
- An enabling environment, where the emphasis is on learning and understanding.
- Opportunities for students to build their knowledge and skills without undue pressure. The IMS focus is on developing concepts and enhancing understanding in a supportive and low-stress environment. We support the philosophy that understanding of key concepts, tools, and techniques in the area of interest is of primary importance and that grades are a “by-product” of understanding and concept development.
- Exposure to the real-world through a number of initiatives including field trips, corporate visits, workshops and seminars, guest lectures, and internships.
- A vibrant and fun-oriented campus life. The IMS campus is bustling with activities from 8.00 in the morning until 09.00 at night. Sports, debating contests, guest lectures, movies, bonfire nights, and other co-curricular activities provide opportunities for healthy entertainment and recreation.
- The convenient, central location of the IMS campus enables students to easily access their scheduled courses. The ideal location of the campus and secure/peaceful locale make the environment very congenial for female students.
- Placement and alumni services geared to help graduates secure attractive careers and monitor graduates' career progress over time. We maintain and support a strong alumni at IMS.
- The IMS fee structure is carefully designed to make it more affordable for students and parents
- Exemplary faculty providing our students access to high quality and rewarding professional education.

With a “customer-driven” culture, the management is committed to serving different stakeholders including students and their parents, the employers (the job market), the faculty and staff, the regulatory bodies (HEC/PHEC), as well as general society.

Mission

Vision

Institute of Management Sciences (Pak-AIMS) would become a leading nationally and internationally recognized teaching and research degree awarding institution / university in Management sciences, Computer Sciences and related disciplines producing future leaders equipped with academic excellence and managerial skills capable of contributing towards Sustainable socioeconomic development of the country in general and the international Community in particular.

Institute of Management Sciences (Pak-AIMS) endeavors to contribute to nation building by producing responsible citizen and competent professionals. It aims at gaining a competitive advantage through emphasis on merit, high educational standards, professional ethics and students' personal grooming. It is committed to be responsive to academic and socioeconomic environment through innovations in its curricula, teaching and research practices. The institute would maintain a welfare orientation and progressive outlook so as to develop academic programs compatible with the formidable spirit of time.

CORE VALUES

IMS has five core values that are always at the heart of its mission, ground and enliven the institution's academic and co-curricular programs and its operating ethos. These values mark the IMS identity, heritage, and commitment to knowledge for both personal growth and social progress.

Integrity: We uphold ethical and responsible behavior, instilling the same values in our students to prepare them for a diverse and changing world. Across our campus, we foster respect, responsibility, trust, and a culture of ethical conduct.

Merit: IMS promotes a merit-based academic environment that is open and transparent for all of its policies and practices, guaranteeing that the faculty's skills, performance, and professional growth are never compromised.

Professional Excellence: We support the intellectual progress of our students, faculty, and staff throughout their whole careers. We are dedicated to the unlimited pursuit of knowledge and ongoing improvement in both teaching and learning.

Professional Ethics: IMS upholds ethics, professionalism, and respect, fostering reflective practitioners who adapt, think critically, and serve diverse communities with responsibility.

Humility: We understand each other's perspectives and exhibit humility at all times, appreciating their experiences and ideas.

Four Decades of Leadership, Learning, and Legacy – IMS

The Institute of Management Sciences (Pak-AIMS) is a project of AKEF established in Lahore in 1986 with undergraduate and graduate programmes in management and computer sciences.

In view of its excellent performance in education over the years, Pak-AIMS was issued its NOC in 1995 by the University Grants Commission of Pakistan for the award of charter. Consequently, the institute was chartered as “The Institute of Management Sciences (IMS)” by the Government of Punjab under the Punjab Ordinance XXIII of 2002.

IMS offers international level graduate and post-graduate programmes in business and computer sciences. Adequate but highly qualified and experienced full-time and visiting faculty members dedicated to providing top quality education and a congenial environment, IMS is a highly reputable educational institution of higher learning in the country.

IMS - Where AIMS become Achievements

At IMS, we believe in more than just education — our focus is on transformation. With a legacy of academic excellence and a commitment to innovation, IMS provides a learning environment that nurtures critical thinking, creativity, and real-world skills. Our experienced faculty, industry-aligned curriculum, and state-of-the-art facilities empower students to rise above challenges and pursue their ambitions with confidence. Whether you're preparing for higher education, a competitive career, or entrepreneurial ventures, IMS is your trusted partner in success. Join a community where potential meets opportunity — choose IMS and shape your future today.

Department of Management Sciences

The Department of Management Science at IMS stands as a hub of academic excellence, leadership development, and real-world business education. With a curriculum that blends foundational theory with practical application, the department equips students with the analytical, strategic, and leadership skills essential for today's dynamic global marketplace. Our distinguished faculty bring a wealth of academic expertise and industry experience, ensuring that learning remains both current and impactful. Through interactive classrooms, case studies, industry projects, internships, and seminars with business leaders, students gain exposure to real-time business challenges and solutions. Whether aspiring to lead in corporate sectors, launch entrepreneurial ventures, or pursue advanced research, students at the Department of Management Science are empowered to think critically, act ethically, and drive innovation. At IMS, we don't just teach management — we cultivate future-ready leaders.

- **Minimum:** 2 Years
- **Maximum:** 4 Years
- **Credit Hours** 66

Admission Requirement

- The program is designed for graduates with 16 years of education from HEC recognized universities/institutions.

Degree Requirement

- CGPA of 2.5 is required to qualify for the degree.

Specializations

- Management
- Marketing
- Human Resource Management
- Accounting & Finance
- Operation & Supply Chain Management

Total Fee Structure **Rs. 522,000/-**

The aim of the M.Phil Management Sciences program is to produce professionals and scholars in the field of Finance, Marketing, Management, Human Resource Management, Operations and Supply Chain Management. The program is designed to accredit students in developing analytical skills with a view to identify the various management issues and suggest possible solutions through research work. The program has a strong research focus on carefully designed versant course work.

Web Link: pakaims.edu.pk/m-phil-management-sciences/

Program Summary

Duration

- The candidate shall have to complete his/her M.Phil within the two years as per HEC requirements. The maximum duration of the M.Phil program is four years from the date of registration for the program.

Credit Hours 30

Admission Requirement

- For admission in M.Phil Management Sciences program, one must have any of the following degrees:
- M.Com/M.Sc Accounting and Finance/MPA (16 years of Education)/ BBA/ B.Com (Hons)/ BS Accounting and Finance with minimum CGPA 2.0 or 60% marks.
- The GAT-General Test conducted by the National Testing Service/IMS with a minimum 50% Cumulative score is required.

Degree Requirement

- CGPA of 2.5 is required to qualify for the degree.

Specializations

- Management
- Marketing
- Human Resource Management
- Accounting & Finance
- Operation & Supply Chain Management

Total Fee Structure **Rs. 342,000/-**

PhD Management sciences will be knowledgeable, professional researchers, and able to use theory and research tools to address and solve complex business problems. The PhD Management Sciences degree program's objectives are:

1. Study the doctoral-level courses in management sciences and develop an understanding of research work in management sciences and related fields.
2. Fulfill the academic as well as professional requirements in the discipline of management sciences.
3. Impart higher education and training to conduct research work in different areas of management sciences.
4. Provide qualified and trained manpower for teaching and research at the university level.

Web Link: pakaims.edu.pk/phd-management-sciences/

Duration: The minimum duration for completion of PhD degree is three years and maximum duration is eight years.

Credit Hours 30

Admission Requirement

- Eligibility criteria for admission to a PhD program in management sciences are mentioned below.
- Must qualify GRE-Subject/GAT-Subject/IMS Graduate Admission Test (I-GAT) as per HEC requirement and IMS procedures.
- MS (with research)/M.Phil. (Areas related to Management Sciences) 18 years degree from a chartered institute with minimum CGPA 3.0.
- MS with research or M.Phil. Degree in related disciplines. However, such candidates will need to complete deficiencies or prerequisite determined by the PhD Admission Committee.

Degree Requirement

- After the PhD course work and passing the comprehensive examination (as per HEC rules) the student shall be evaluated for the qualifying for the candidacy of research for the PhD program by the qualifying evaluation procedure of the IMS. For successful completion of the PhD degree, scholar should fulfill the requirement
- Successful completion of PhD course work.
- Qualifying the comprehensive examination.
- Successful defense of the research proposal/synopsis.
- Paper publishing requirement would be as per HEC rule.
- Successful defense of PhD thesis.
- Other minimum requirements set by IMS / HEC.

Total Fee Structure Rs. 655,000/-

Department of Computer Science

The Department of Computer Science at IMS is dedicated to fostering innovation, critical thinking, and technical excellence in the rapidly evolving field of computing. Our comprehensive programs combine foundational theory with hands-on experience, preparing students to tackle real-world challenges across diverse areas such as software development, artificial intelligence, cybersecurity, data analytics, and network engineering. With a faculty of seasoned educators and industry experts, state-of-the-art laboratories, and a curriculum aligned with current industry standards, IMS empowers students to become skilled professionals and visionary leaders in technology. Through research opportunities, internships, and industry partnerships, the department cultivates an environment where creativity meets practical application, ensuring graduates are well-equipped to contribute meaningfully to the digital world.

- For Detailed Information; please visit

pakaims.edu.pk/departments/

Our Associate Degree in CS is specially designed to impart knowledge and skills concerned with computer construction, software development, data storage and processing techniques. It also addresses skill development techniques regarding problem-solving and addresses that how the quality of those solutions is assessed. The AD-CS program also focuses on the science of industry level software development.

M.Phil Computer Science

The M.Phil in Computer Science program offers an advanced platform for deep research and specialized study in cutting-edge areas of computing. Designed for graduates seeking to expand their expertise beyond the undergraduate level, this program emphasizes rigorous academic inquiry, critical analysis, and innovation. Students engage with advanced topics such as artificial intelligence, data science, cyber security, software engineering, and machine learning, while developing strong research methodologies under the guidance of experienced faculty.

Web Link: pakaims.edu.pk/mphil-computer-science/

Duration: The minimum duration for completion of MS degree is two years. The HEC allows a maximum period of four years to complete MS degree requirements

Credit Hours 30

Admission Requirement

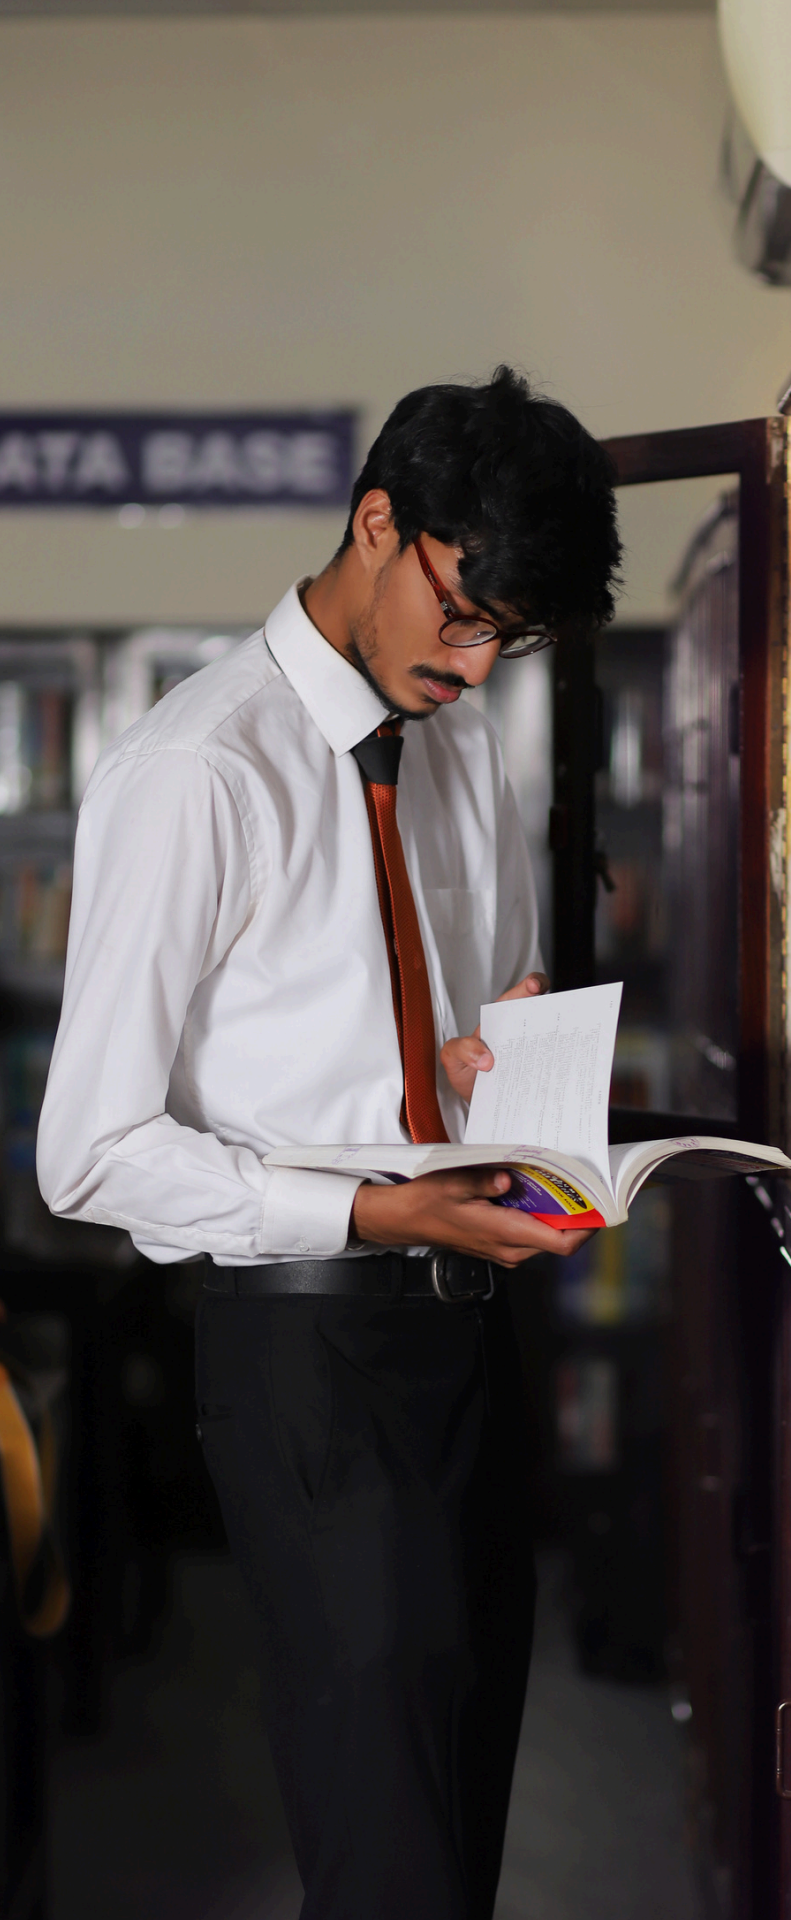

Graduate Education Policy HEC 2023 (2.1)

- 16 years of schooling or 4 years education (Min 120 CrHrs) after HSSC/FA/F.Sc/Grade 12 or equivalent shall be required for admission in MS/M.Phil program
- Entry test as an eligibility condition for admission to MS/M.Phil program with a passing score of 50%.
- GRE/HAT General/ Equivalent tests are accepted with a passing score of 50%.
- The applicant has passed GRE Subject/equivalent test with minimum 50% marks in the discipline of admission and has taken 6- 9 Credit Hours of deficiency course of level 6

Degree Requirement

Must have studied and passed the prescribed courses, totaling at least 24 credit hours. Defined his research/dissertation of 6 credit hours successfully within time limit. Must have earned CGPA (Cumulative Grade Point Average) of at least 2.5 on a scale of 4.0

Total Fee Structure Rs. 342,000/-

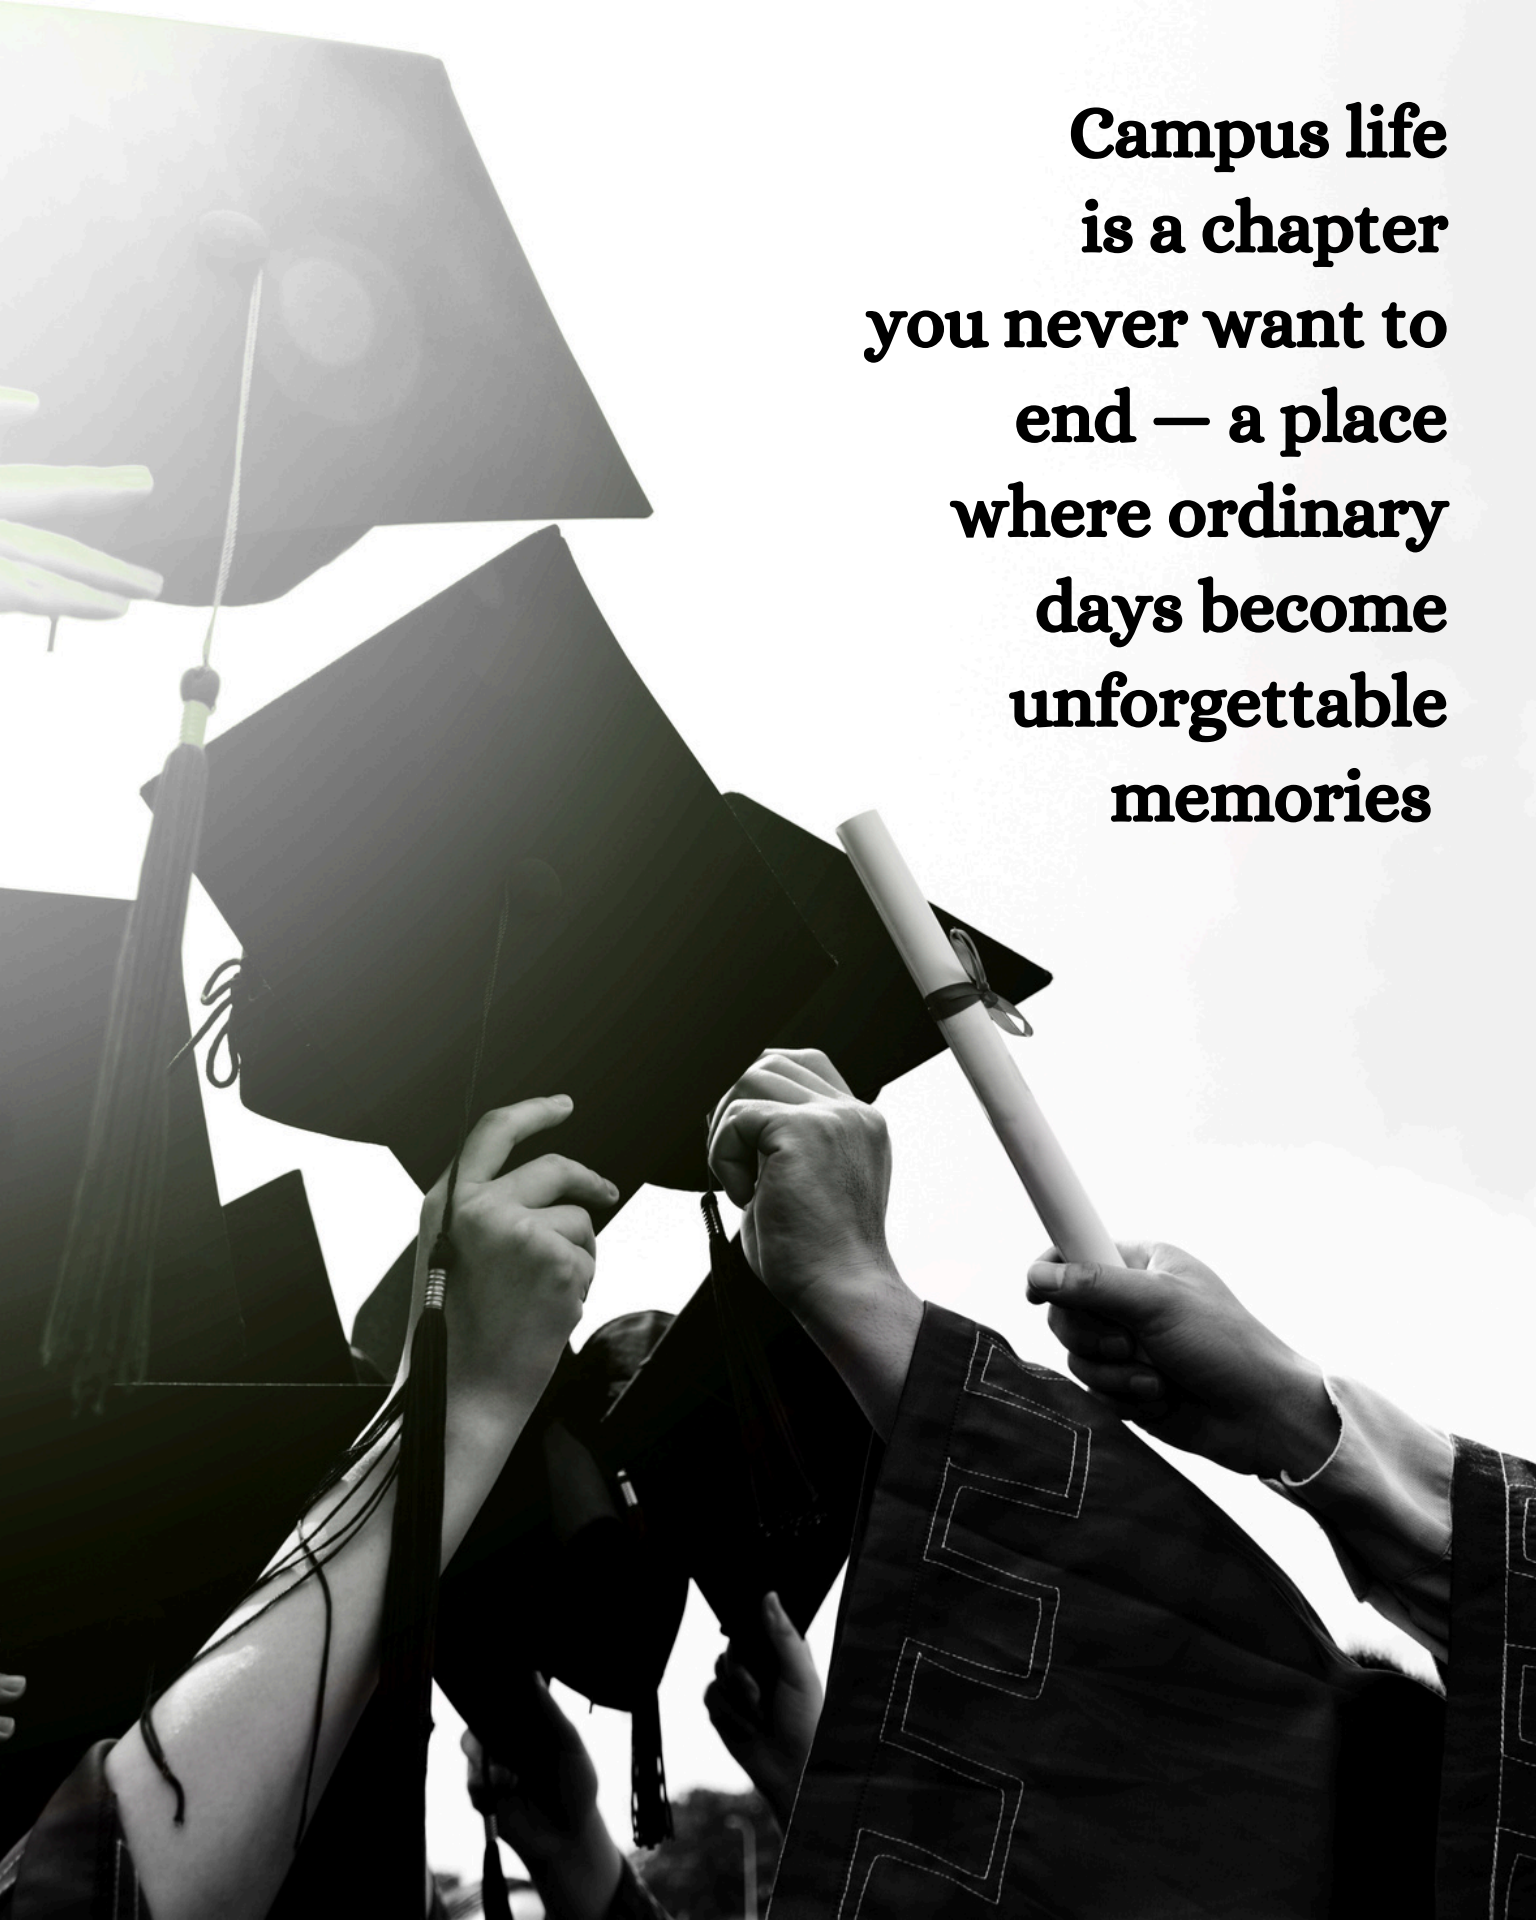

IMS Library – A Hub of Knowledge and Discovery

The IMS Library serves as the intellectual heart of the institution, offering a dynamic and student-centric learning environment designed to inspire inquiry, research, and academic excellence. With an extensive collection of physical and digital resources—including books, journals, periodicals, research papers, and online databases—the library supports a wide spectrum of academic disciplines and professional interests.

Equipped with comfortable reading zones, dedicated study areas, and high-speed internet access, the library fosters both individual concentration and collaborative learning. Regular workshops, reading programs, and resource orientation sessions help students develop critical thinking and literacy skills. The peaceful ambiance, combined with cutting-edge digital tools and a knowledgeable support staff, makes the IMS Library an essential space for academic growth and lifelong learning.

**Campus life
is a chapter
you never want to
end — a place
where ordinary
days become
unforgettable
memories**

LIFE AT IMS

Life at IMS Pak-AIMS campus is an unforgettable experience that shapes students' future and creates lifelong memories. From gala nights where students 'dress to impress and dance the night away with friends, to morning breakfast sessions where you bond with peers and instructors, every moment is a chance to grow and connect. All showcase your team spirit and athletic skills on sports day, develop knowledge and skills through presentations, and celebrate milestones like degree completion. This creates memories that will stay with you forever, like farewells to junior batch mates, and earn symbols of achievements and hard work in the form of badges. With new collaborations and opportunities emerging through MoU signings, scholars will be part of a vibrant community that fosters growth, learning, and friendship, making the most of time here and creating memories that will last a lifetime.

AN UNFORGETTABLE EXPERIENCE THAT SHAPES STUDENTS' FUTURE

IMS Student Life – Where Learning Meets Enjoyment

At IMS, education goes beyond the classroom—it's a holistic experience that nurtures both academic excellence and personal growth. The campus offers a dynamic and inclusive learning environment where students are encouraged to think critically, engage creatively, and explore their full potential.

Equally important is the vibrant student life that thrives across the IMS campus. From cultural festivals and talent shows to seminars, sports events, and student clubs, IMS provides countless opportunities for students to unwind, express themselves, and build lasting friendships. This balance of rigorous academics and enjoyable campus life creates an enriching experience that empowers students to grow not only as professionals but as confident, well-rounded individuals.

IMS Lab Sessions

Beyond the Theory – Experiential Learning

At IMS, we believe that true understanding comes through experience. Our labs serve as innovation hubs where theoretical knowledge meets practical application. Designed to support hands-on learning across various disciplines, the labs are equipped with modern tools, industry-relevant software, and cutting-edge technology that allow students to experiment, explore, and innovate with confidence.

Experiential learning is at the core of the IMS academic philosophy. Through interactive lab sessions, live demonstrations, simulations, and project-based work, students gain real-world skills and problem-solving abilities that go beyond textbooks. These sessions not only reinforce classroom concepts but also prepare students for professional challenges by encouraging curiosity, critical thinking, and collaboration. At IMS, learning is an active journey—engaging, immersive, and deeply impactful.

From Concepts to Clarity – Transformative Learning at IMS

At IMS, classroom learning is designed to be an enriching and transformative experience. Our classrooms are more than just spaces for instruction—they are interactive learning environments where ideas are explored, questions are encouraged, and knowledge is brought to life. With modern teaching aids, smart boards, audio-visual technology, and flexible seating arrangements, IMS classrooms support both traditional teaching and contemporary, student-centered approaches.

Faculty members at IMS are not just educators—they are mentors who foster a culture of curiosity, dialogue, and deeper understanding. Through case studies, group discussions, role-plays, presentations, and real-world problem-solving, students are actively engaged in the learning process. This dynamic environment cultivates critical thinking, effective communication, and a strong academic foundation, preparing students for both academic success and lifelong achievement.

ADMISSION POLICY

1. Admission to various classes in IMS (Pak-AIMS) Lahore is strictly granted on merit and in accordance with the rules, regulations, policies and procedures of the IMS. Applications for admission will be accepted according to the Schedule notified and no application Form will be accepted after the last date except with the special permission of the Rector. After the completion of the necessary stages of admission, the list of successful candidates will be displayed on Institute Notice Board. Students, who fails to complete all prerequisites by the due date their right of admission will be forfeited.
2. Institute authorities can reject candidate's application for admission on the ground of unbecoming character or conduct. The students of the Institute, who were found guilty of misconduct or indiscipline and were consequently punished or fined, shall not be considered for admission.
3. The applications of the students who are found to have an unbecoming character and conduct will be rejected. No appeal can be filed against the rejection.
4. After the admission of a candidate, if it comes to the knowledge of the Institute Authorities at any stage that the documents submitted by the candidate for admission carry a misstatement, fake, or there is an error in these documents, that may affect their admission or may be cancelled.
5. Candidates who apply on sports and special Category basis are requested to submit a separate Sports Form/Special Category Form along with the general Admission Form separately foreach Game/Activity/Category to which they wish to apply. They must Write, "SPORTS BASIS / SPECIAL CATEGORYBASIS" in block letters on the top of the general Admission Form.
6. Admission will be strictly on merit and interview basis.

Application Procedures

1. IMS offers admission on the basis of applicants' previous academic record, the aptitude test score and a personal interview for evaluation and suitability for studies in the required program.
 - a. Get the admission kit from Admission Office on payment of prescribed charges.
 - b. Fill in the application form provided with the kit. Enclose the following with the form:
 - i. Three photographs of size 1" x 1". From amongst these three photographs:
 1. Affix one photograph on the IMS admit card.
 2. Attach the remaining two photographs with the application form.
2. Photocopy of NADRA identity card or domicile.
3. Academic records including mark sheets, degrees, certificates, diplomas, etc (copies of all).
4. Provisional certificate from the head of the institution, if result is waited (copy).
5. Equivalence certificate from the Higher Education Commission of Pakistan in case of applicants with foreign qualifications (copy).
6. Confidential reference forms, duly filled in by two referees.
7. Experience certificates, if applicable (copy).
 - c. Submit the form on or before the deadline.

Entrance Test

1. Students seeking admission for undergraduate & graduate programs to IMS must qualify the IMS entrance test. The IMS entrance test follows the SAT format. The admission kit also includes a booklet "ENTRY TEST GUIDELINES" to help students be better prepared. The IMS admission test comprises the following segments:

- **Written Test**

- **English**

- Vocabulary
 - Sentence Correction
 - Sentence Completion
 - Essay on Current Affairs (one page)

- **Math**

- Series
 - Word Problems
 - Picture Patterns

- **Interview**

After qualifying the written test, successful candidates will appear for an interview. The objective of the interview is to assess the communication ability and confidence level of the student. The interview schedule will be posted on notice board. Selected candidates will be notified via:

- Institute Notice Board
 - IMS Website
 - Postal Mail / email
